# About Us

Hunting and fishing has always been a part of the Storey Family culture. I began those activities with my Father before I could walk. There were times we would go on a hunting adventure merely to enjoy each other's company and other times out of necessity. Either way, I was taught early on that these opportunities should never be taken for granted and that conservation was going to play a very important role in my life. Now with a young son of my own, I realize the responsibility to instill in him the same appreciation for the outdoors I was taught.

It is with this passion I began Storey Hunts over ten years ago. I wanted to create an opportunity that would provide hunters from around the world a truly unique outdoor experience. I felt it was my responsibility to share my love for the outdoors with others. Not only for the possibility of harvesting an animal but more importantly to share the importance of conservation and how our activities can affect it.

Since our inception, the Storey Hunt team has boasted a 99% success rate. **We've been very fortunate in developing long lasting relationships with ranchers giving us access to free range game as well as exotic game farms.** We specialize in Osceola Turkey, Wild Hog, Exotics and Seminole Whitetail Deer hunts.

Be sure to look for us each year as we showcase our Osceola hunts on the Outdoor Channel and Pursuit Channel. Some of the shows we were featured on include, "Browning the Best There Is", "Hunting the Country", and "Turkey Thugs".

I would like to personally thank you for considering Storey Hunts as the host of your next adventure. It is a responsibility I and my team take very seriously. I can confidently say that if you give us a chance, you will not be disappointed.

Happy Hunting from your friends at Storey Hunts,

Brandon Storey
